8 The question of adjustment between the Steame Dept and the Mtg has, as remarked by the Ch Engineer, nothing to do with the handing over of the new site to Mr. Namagga. It was quite competent to the Govt to have resumed the site in question & have handed over to Mr Namagga in lieu of the site taken from him (vide Sec 50 3 ml Regn) & so the questionings of the propriety of the decision of Govt by the ml. Returned to Secretary, Public Works Department, with following remarks-

(1) I agree to the draft reply being sent to the Chief Secretary.

(2) Government have ordered the Electrical Department to pay Rs 13,750 to the Municipality for this new A Station site, and I would like to reopen the question and call attention to letter dated 21-5-1917 from Honorary President to Revenue Secretary, in which he states that the cost of acquiring the new site should be charged to Municipal funds under D.3 in that years Municipal Budget. I would further point out (N3-5) that in no case did the Honorary President mention in the early correspondence on this subject that the ----- Electrical Department was to reimburse the Municipality for the cost of acquiring the new site for A Station.

These two points clearly show that the Honorary President had provided funds in his own budget for this purpose and did not expect to receive any reimbursement for the cost of the new site.

It was a clear case of a bargain from which the Honorary President now wishes to withdraw.

Sir,

I have the honour to bring to your kind notice that - Government in their endorsement No. R.9484/Ml. 37-19-34 dated 21st February 1920 were pleased to sanction the grant to me of land measuring 5,500 square yards commencing from cottage site No. 19 in the Visvesvarapuram Extension in exchange for my land in the Race Course Road acquired for the electric - transformer house on condition of my agreeing to withdraw my suit in the Civil Court for enhanced compensation and to - entirely forego all claims for money compensation in respect of the land acquired from me. I then wrote to the President of the City Municipal Council stating that I was willing to withdraw the suit and to forego all claims for money compensation and requested him to put me in possession of the site in accordance with the Government Order. Though I had done all that I was asked to do in pursuance of the Government - Order, the President, instead of putting me in possession of the land, gave a reply stating that it would be done as soon as payment of price to be made by the Electric Department was settled (copy of his letter No. 317 dated 12th June 1920 is enclosed herewith for information). I then told the President that the endorsement granted to me does not speak of any settlement of price by the Electric Department and that the last sentence of the endorsement 'The President of the Municipal Council has been requested to take further action - accordingly' clearly indicated that he should put me in -

32---

in possession of the site. When he turned a deaf ear to my request, I went and explained the matter to the Chief Engineer and wrote a letter to him. In reply, he sent a D.O. letter to me on 30th July 1920 (copy of his D.O. letter No. 52 dated 30th July 1920 is also enclosed herewith for information).

In my personal interview with the Dewan Sahib at the Public Offices on Saturday the 18th September 1920, I told him that the President had not put me in possession of the site in spite of my repeated requests and handed the Chief Engineer's letter to him for perusal. He asked me to show the letter to the President. Thereupon, I addressed a letter to the President on 30th September 1920 (copy of which is enclosed herewith for information). It could be seen from the letter that the cottage sites adjacent to my site have already been auctioned and that there is a likelihood of my losing a portion of my land, measuring 30 x 120 feet, if a road which is marked on the very site granted to me is decided to be brought on it, especially when the adjoining site has been auctioned without regard to my interests.

To add to my anxiety, the workmen in the Extension have been going on removing layers after layers of earth from my site in order to fill up the pits in front of my site near the Road. The delay caused by the President in putting me in possession of the site granted to me by Government has put me to a lot of inconvenience and has caused me some loss also. When I approached the President again, he told me that, as the land to be given to me was Municipal land, he could not put me in possession of it, until he received payment of the actual amount from the Electric Department. On 20th October, 1920, I again wrote to the Chief Engineer just to inform him of what the President told me in person (copy of the letter is enclosed herewith for information).

As nearly nine months have elapsed since the passing of the Government Order and as I wish to commence building operations soon in order to save the exhorbitant rent which I

paying for the house I have taken on lease, I request you to be so good as to obtain the orders of Government for causing the Electric Department and the President of the Municipal Council to give effect to the Government Order already passed without any more delay. I request you also to kindly instruct the President not to confirm the sale of the adjacent cottage site to the south of my own till the question of laying or not laying the road on my site is finally settled, in order to enable me to get an exact piece of land from the adjacent site, if the road is decided to be taken on my site.

Copy of D.O. letter No.52 dated 30th July, 1920, from the Chief Engineer to Government of Mysore, Bangalore, to Mr. K. H. Ramayya, Bangalore.

I am in receipt of your letter of even date regarding the handing over to you of a new site at Visvesvarapuram Extension in exchange for your lands taken up for the new "A" Station near the Race Course.

In reply, I write to state that we have taken possession of your old lands opposite the Silledar Lines long ago and Government have ordered that the new site may be handed over to you on your agreeing to withdraw the suit and executing an agreement withdrawing all claims for money compensation in respect of the lands taken up for the "A" - Station. I do not see any reason why the Municipality should not hand over the land particularly as you are dispossessed of your land long ago.

The question of payment between the Electrical Department and the Municipality has nothing to do with the handing over of new site to you according to Government Order.

Bangalore City,
Dated 30th September, 1920.

Dear Mr. Garudachar,

When I had an interview with the Dewan Sahib on Saturday the 18th instant at the Public Offices, I submitted to him the D.O. letter which the Chief Engineer had written to me in reply to my letter dated 30th July, 1920. The Dewan asked me to show the letter to you. I have, therefore, sent, herewith, a copy of the D.O. letterfor your kind information. Though I have been dispossessed of my valuable land long ago and the opening ceremony of the Electric Transformer House has also already been performed, thenew site in Viveswarapuram Extension which has been granted to me by Government for an an exchange land has not been handed over to me in spite of my agreeing to withdraw the suit and forego all claims for money compensation in respect of the land acquired for the "A" Station. As I intend commencing the building operations soon, I request you to kindly put me in possessionof the land at your earliest convenience.

According to the plan of the New Extension a road measuring 30' x 120' is marked on the very site granted to me by Government. If a portion of my land is taken for road purposes, I request you to kindly give me an exact piece of land in the adjacent cottage site to my own on the south which I hear has recently been auctioned.

Kindly do not confirm the sale of this particular site till my claims are settled.

Yoursincerely,

Dear Sir,

Though the Government were pleased to grant a site to me several months ago in Viveswarapuram Extension in exchange for my land in the Race Course Road acquired for the Electric Transformer House, the President of the - Bangalore City Municipal Council has not put me in possession of the site in spite of my repeated requests. I have herewith forwarded a copy of the latest letter I wrote to him on the subject. He fears that you may not consent to give the money due to the Municipality from the Electrical Department in accordance with the Government Order. I request you, therefore, to kindly disabuse him of that idea by stating that you have no objection to pay the full amount to the Municipality and to request him to put me in immediate possession of the site, as I intend to commence the building operations in December. I shall be much obliged, if you will kindly write to the Chief Secretary to the Government also, as it will enable him to ask the President of the City Municipal Council to give effect to the Government Order without any more delay.

Yours Sincerely,

Dear Sir,

Referring to your D.O.No R.6374/M1 21-20-55 dated 26th instant forwarding a petition from Mr K.H. Ramayya complaining that he has not been put in possession of the land granted to him by Government in the Visvesvarapuram Extension, Bangalore City etc , I beg to state as foloows -

The facts of the case are all before Government and need no reiteration The delay in putting Mr. Ramayya in possession of the sites in the Visvesvarapuram Extension is not due to any remisseness on the part of the Municipality. On the other hand, I may mention that his case has been treated with very great leinency and my predecessor Dewan Bahadur Mr K.P. Puttanna Chetty very generously recommended to Government the grant of these very extensive and valuable sites on the Fort Centre Road at the low rate of Rs2-8-0 a sq yard, when the rate realised by the sale of sites adjacent thereto works out at nearly Rs 5/- a sq yard However this may be, on receipt of the Government order dated 21st February 1920 and in accordance with para 2 thereof

thereof I wrote to the Chief Electrical Engineer requesting him to transfer to the Municipality the sum of Rs. 13,750/- being the value of the land granted to Mr. Ramayya The Chief Electrical Engineer (Mr J.G Forbes) wrote to say that he would not accept this charge and has addressed the Government in the Public Works Department in the matter. In his letter to the Secretary Public Works Department (copy of which was sent to me by the latter for remarks) the Chief Electrical Engineer said that as Government Order No.R.9482/Ml 34-19-33 of 21st February 1920 was issued without referring the question to him, he is not responsible for charges ordered to be borne by his Department, unless the question was referred to him before orders were issued Besides this, the Chief Electrical Engineer raised other questions and laid claim on the Municipality for a sum of Rs 62,616 for the site in the Fort on which the "A" Station stands and said that, if I am prepared to pay him this compensation, he would very gladly accept the charge for the new site I have replied to the Secretary Public Works Department in my letter No.79 dated 8-9-1920 in detail explaining the several misapprehensions under which Mr Forbes seemed to be regarding the site of the Transformer House at the Fort Gate and have requested him to direct the Chief Electrical

Engineer

Engineer to transfer to the Municipality the sum of Rs.13,750/- referred to above. From these facts, I am sure you will agree with me that the payment of the price of the land is not a mere book adjustment between the Government and the Municipality, but may require another order of Government refuting the arguments of the Chief Electrical Engineer. The question would have been solved easily if the lands were in Basavangudi or Malleswaram Extension, as the sale proceeds of sites here are credited to Government, but the Visvesvarapuram Extension is entirely a Municipal concern. In passing, I may observe that at some future time the grant of there valuable sites to Mr K.H Ramayya may be considered to be ultra vires as the matter was not referred to the City Municipal Council in whom the disposal of all Municipal property vests before my predecessor submitted his recommendation to Government

In conclusion I beg to state that as soon as the question of the payment of the sum of Rs13,750/- to us is settled, I shall have no objection to place Mr. Ramayya in possession of the sites

SUBJECT.- Land granted to Mr. K.H. Ramiah in Visvesvarapuram

S i r,

I have the honour to inform you that the land near the Race Course, Bangalore, belonging to Mr. K. H. Ramiah was ordered to be acquired by the City Municipality and handed over to the Electrical Department for the construction of the new"A" Station, Bangalore Power and Lighting.

2. The cost of the acquisition amounted to Rs.1,431/- -- exclusive of statutory allowance.

3. The owner of the land (Mr. Ramiah) refused to accept the award, (Viz.Rs.1,431/-) made by the Land Acquisition -- Officer. It was therefore ordered in G.O.No.R.9462-3/Mul. 34-19-33 dated the 21st February 1920 that the two sites in the new extension of the Bangalore City, measuring about --- 5,500 S. Yds., might be given in exchange to the owner for his land in the "Race Course" and that their value, Viz.,- Rs.13,750/-, should be paid by the Electrical Department to the City Municipality.

4. The question of payment of the compensation by the

the Electrical Department to the City Municipality is under correspondence between this office and the City Municipal Council, as the Electrical Department does not agree to pay the compensation amount fixed, for certain reasons.

5. Mr. Ramiah has brought to notice in the meantime that the two sites in the new extension have not yet been handed over to him as per Government order quoted above and that he is not likely to get the lands before the compensation amount is paid by the Electrical Department.

6. As far as Mr. Ramiah's claims are concerned, they have already been decided in the Government Order dated the 21st February 1920, and there does not seem to be any ---- justification in not giving effect to that order in handing over the sites to the party.

7. I therefore request you will be so good as to direct the President, City Municipal Council, to hand over the sites to Mr. Ramiah forthwith without any further delay, pending the settlement of the question of the payment of compensation.

Sir,

Jul 21-20-169

Government, as you are aware, passed an order more than a year back i.e., on 21st February 1920 granting sites measuring 5,500 Square yards in the Visveswarapuram Extension in exchange for my land near the Race course Road When I applied to the President, Municipal Council, Bangalore, for the possession of the sites, he gave a reply to the effect that he would put me in possession of the sites, as soon as the payment of the price by the Electrical Department was settled. In my petition dated 29th October 1920, I brought to your notice, that the Municipality had not given me possession of the sites in the Visvesvarapuram Extension, as the payment of Rs.13,750-0-0 had not yet been made by the Electrical Department.

To avoid my being put into difficulty on account of the delay in correspondence carried on between the Electrical Department and the Municipality regarding the land of the old 'A' Station about which some difference of opinion has arisen and to enable me to get immediate possession of the sites for commencing building operations, Government have distinctly stated in para 3 of their order No.E.D.S.308-12 3 B dated 5th May 1921 issued by the Public Works Department thus -

> "The Government are pleased to direct that the amount of compensation in question be paid by the Electrical Department to the Bangalore City Municipality and that the two sites in Visvesvarapuram be handed over at once to Mr Ramayya."

In spite of the two definite orders of Government in

the matter and in spite of my repeated requests, the President of the Municipal Council is still putting me off saying that he will grant me possession of the sites after the controversy about the land of the old 'A' Station is settled by Government. The President is bringing forward some pretext or other for not executing the orders of Government, especially the second order of Government which is quite peremptory.

My land was taken away from me nearly 5 or 6 years back and to grant me possession of the sites which Government have given me in exchange, the President of the Municipal Council is taking years. I beg to represent, in this connection, that the President and the Chief Officer are unnecessarily harassing me and putting me to a great loss by refusing to give effect to the Government orders already passed I do not know why a private party should be made to suffer on account of some difference of opinion regarding a matter which does not concern him and which is one of inter-departmental correspondence

I request you, therefore, to kindly see that pressure is brought to bear upon the President of the Municipal Council so as to make him obey the Government order without raising unnecessary objections any more.

I beg to remain,

about the restoration of Class
"A" Station

ಕರಡು

A copy of the letter No.238 dated 18-5-21 sent to the Secretary to the Government of His Highness the Maharaja of Mysore, Public Works Department, Bangalore.

With reference to Government Order No.E.D.S 808-12/3.B dated 5th May 1921, directing that Rs. 13,750/- be paid to the Municipal Council as the value of sites to be granted to Mr. K.H. Ramaiah etc , I have the honor to state that Government have been pleased to order in para 4 of the said order that the site on which the old " A " Station stands should continue in the possession of the Electrical Department and that Government Orders should be obtained as to its disposal. In this connection I beg to point out that the said site orginally formed part of the Municipal maidan in front of the City Vegetable Market and the Government did not pay any value to the Municipality while taking possession of it for constructing the " A " Station The site therefore is Municipal property and when it is no longer required for Government purposes has to be restored to the Municipal Council free of encumbrances. It is on this understanding that it was included in the compound of the proposed Town Hall and no question was ever raised that any compensation should be paid for it for utilising it again for Municipal purposes Though I do not apprehend that the Municipal Council will be required to pay for the said site to include it in the compound of the Town Hall, yet I would like to urge that this point may be made clear to avoid all possible interpretations in future.

The rate at which the sites have to be granted to Mr. K H Ramaiah is half of what was realised in the sale of less important sites in the same row as already stated in my D O No 119 dated 27-11-1920 to the Revenue Secretary The Government

Government may be pleased to take into consideration that there is no reason that the Municipality should incur such loss and that eventually they should be placed in any disadvantageous position to get back the site if granted free of cost for Government purposes.

I therefore request that Government may be pleased to pass orders that the site where the Old " A " station stands should be restored to the Municipal Council.

The Chairman, City Improvement Committee informs me that Electrical Chief Engineer has accepted to part with the building on the site for Rs. 5000/-. If Orders may be accordingly passed.

S i r,

As you are well aware, Government have passed four orders in connection with the Site in Visvesvarapuram Extension, which has been granted to me by Government in exchange for my land in the Race Course Road which was acquired for the Electric - Transformer House. The Electric Department has, in accordance with the Government Order, paid to the Municipality a few days back Rs. 13 750, being the value of the site in Visvesvarapuram Extension The last Government Order explicitly states that the President of the Municipal Council should receive the money from the Electrical Department after counter-signing the bills and place me in possession of the site without further delay. Though the President has given me an endorsement on 12th June 1920, to the effect that the possession of the site would be given to me as soon as the payment of price to be made by the Electrical Department was settled, he still persists in disobeying the Government Orders and continues to harass me, as I heard yesterday from the Chief Officer that he had passed orders on my letter dated 1st September 1921 requesting him to put me in possession of the site that the matter may be placed before the Municipal Council

I request you therefore to kindly order the Chief Officer at least to put me in possession of the site within three days as the President has shown complete reluctance to obey the

Sir,

Please refer to this office letter No 2 1049/Asst 21—20—28 & 23rd Aug 1921.

It is learnt that the Electrical Dept have already paid the money due to the Municipal Council in respect of the land taken up for the new Transformer station near the Race Course Road. I am

over

to say that Mr K. T. Ramaiya represents that he is suffering loss on account of the delay in this being put in possession of the site
